### ELEVATOR WITH SILO

- ✓ High-capacity material handling system
- ✓ Robust design for long-lasting performance
- ✓ Efficient storage & controlled discharge
- ✓ Built to meet industrial safety standards

### INSTALLATION WORK

- ✓ Precision installation of industrial systems
- ✓ Experienced engineering & technical team
- ✓ On-site support with quality assurance
- ✓ Timely execution with minimal downtime

### AIR DRYER WITH FILTERS

- ✓ Removes moisture & contaminants
- ✓ Enhances system efficiency & reliability
- ✓ High-performance filters for clean air
- ✓ Low maintenance & energy-efficient operation

### CHILLER

- ✓ Efficient cooling for industrial processes
- ✓ Reliable performance in tough conditions
- ✓ Energy-saving & environmentally friendly
- ✓ Designed for durability & low maintenance

## CHILLER INSTALLATION

- ✓ Expert installation of industrial chillers
- ✓ Precision alignment & secure mounting
- ✓ Efficient system integration & testing
- ✓ Ensuring optimal cooling performance

## COOLING TOWERS

- ✓ Installation of high-efficiency cooling towers
- ✓ Durable construction with safety compliance
- ✓ Reliable performance & low maintenance
- ✓ Designed for long-term operational efficiency

## TUBE FEEDER

- ✓ Safe lifting & installation of tube feeders
- ✓ Precision handling & positioning
- ✓ Built to withstand heavy-duty operations
- ✓ Ensuring smooth material flow

## PIPING WORKS

- ✓ Complete industrial piping solutions
- ✓ High-quality materials & workmanship
- ✓ Leak-proof & pressure-tested systems
- ✓ Compliant with international standards

## ENGINEERED SOLUTIONS. BUILT TO LAST.

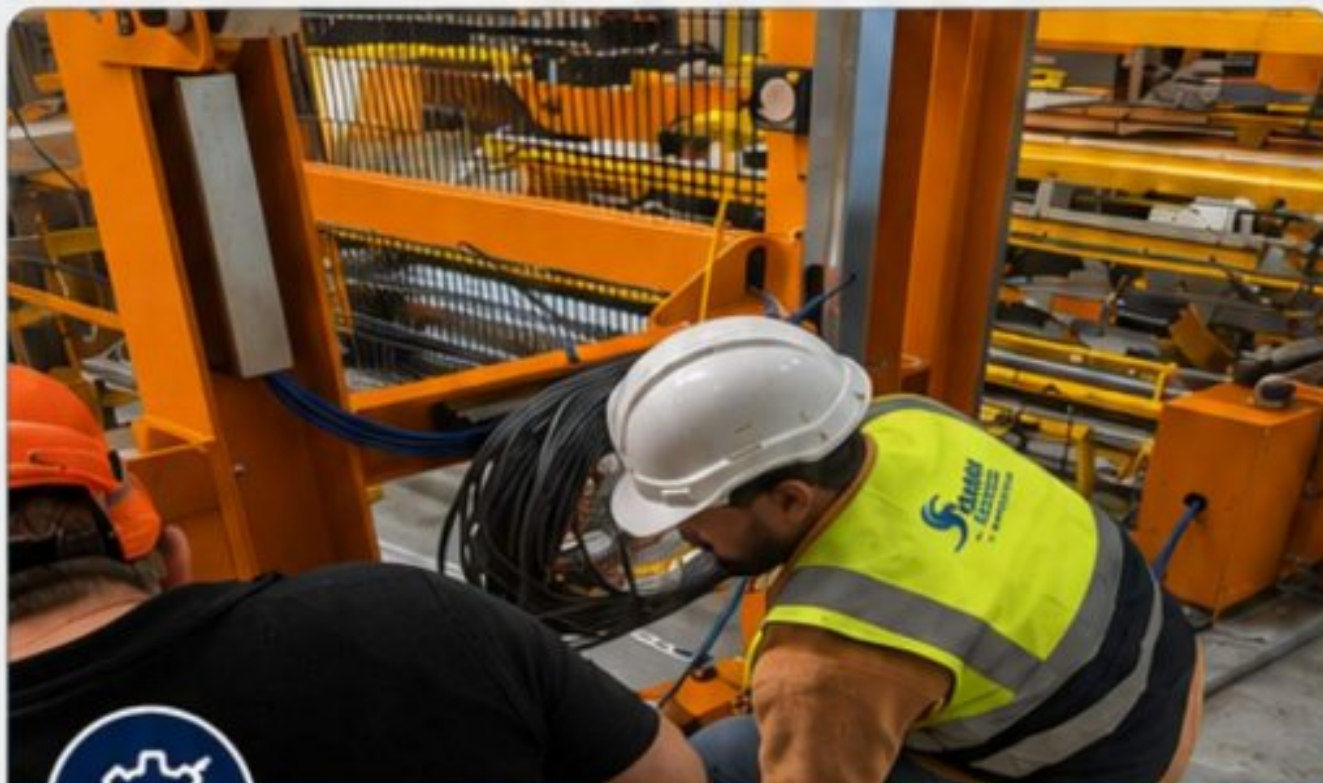

### SEWER WATER SYSTEM

- ✓ Reliable underground sewerage solutions
- ✓ High-quality piping & components
- ✓ Efficient installation with safety compliance
- ✓ Built for durability & long-term performance

### SEWAGE JUNCTION BOX INSTALLATION

- ✓ Expert installation of junction boxes
- ✓ Proper flow management & connection
- ✓ Leak-proof & watertight systems
- ✓ Compliant with industry standards

### SHRINK MACHINE INSTALLATION

- ✓ Professional installation of shrink machines
- ✓ Precision alignment & setup
- ✓ Ensures optimal performance & safety
- ✓ Supported by skilled technical team

### AIR RECEIVER VESSEL FABRICATION

- ✓ Custom fabrication to client specifications
- ✓ High-quality materials & expert workmanship
- ✓ Pressure tested for safety & reliability
- ✓ Built to meet international standards

## OUR WORK IN ACTION

### 01 CRANE LIFTING OPERATIONS

- Safe & efficient lifting operations
- Trained & certified lifting team
- Advanced lifting equipment
- Strict safety procedures

### 02 PIPE WELDING WORK

- Skilled welding by certified welders
- High-quality welding standards
- Strong, leak-proof joints
- Quality inspection & testing

### 03 MATERIAL HANDLING & STORAGE

- Efficient material handling
- Safe storage & management
- Proper labeling & documentation
- Optimized inventory control

### 04 STRUCTURAL STEEL WORK

- Fabrication & installation of steel structures
- High-strength materials
- Precision alignment & fixing
- Built to industry standards

### 05 EQUIPMENT INSTALLATION

- Professional installation of equipments
- Proper alignment & commissioning
- Electrical & mechanical integration
- Performance testing & verification

### 06 PRESSURE VESSEL INSTALLATION

- Installation of pressure vessels
- Ensuring safety & compliance
- Precision positioning & support
- Hydrostatic testing & inspection

### 07 PIPELINE & VALVE SYSTEM

- Installation of industrial piping systems
- Quality valves & accessories
- Leak testing & pressure verification
- Ensuring smooth operation

### 08 PIPE FABRICATION & WELDING

- Fabrication of industrial piping
- Precision welding & fitting
- Corrosion-resistant coating
- Quality assured workmanship

### 09 WORK AT HEIGHT OPERATIONS

- Safe execution of work at height
- Trained & equipped workforce
- Use of safety harness & tools
- Compliance with safety regulations

### 10 STRUCTURAL PLATFORM WORK

- Construction of structural platforms
- Strong & durable fabrication
- Safe access & maintenance
- Built to customer requirements

### OUR HISTORY

**2005**

Founded in Jeddah, Kingdom of Saudi Arabia as a specialized general contracting and industrial services provider.

**2008**

Expanded our capabilities in mechanical services and industrial construction, delivering our first major projects across multiple sectors.

**2012**

Invested in advanced equipment and skilled workforce, strengthening our position in engineering and fabrication solutions.

**2016**

Grew our service portfolio to include integrated industrial solutions with a strong focus on safety, quality, and timely delivery.

**2020**

Achieved significant milestones in large-scale projects and built long-term partnerships with leading clients across Saudi Arabia.

**2024 & BEYOND**

Continuing our journey toward Vision 2030 by delivering innovative, sustainable, and high-quality industrial solutions for a stronger tomorrow.

### ABOUT SHAHIN

Shahin is a premier general contracting and industrial solutions provider in Saudi Arabia. With years of experience, advanced technology, and a highly skilled team, we deliver reliable, safe, and cost-effective solutions that exceed client expectations. Our commitment to quality, integrity, and continuous improvement drives us to build lasting relationships and contribute to the growth of our nation.

### OUR CAPABILITIES

**Engineering Excellence**

Innovative engineering solutions tailored to client requirements.

**Integrated Solutions**

End-to-end solutions from design to commissioning.

**Quality Assurance**

Strict quality control processes to ensure superior results.

**Advanced Equipment**

Modern machinery and tools for precision and efficiency.

**Skilled Workforce**

Experienced professionals committed to safety and excellence.

**Timely Delivery**

Strong project management to ensure on-time completion.

### WHY CLIENTS CHOOSE SHAHIN

**Proven Track Record**  
Successful delivery of complex industrial projects

**Safety First Approach**  
Commitment to zero harm and compliance

**Customer Focused**  
Dedicated to client satisfaction

**Cost Effective Solutions**  
Delivering value without compromising quality

**Sustainable Practices**  
Environmentally responsible and future-ready solutions
